NOTICE TO PARTICIPANTS AND FAMILIES

With an increase in exposure sites and cases across our region, Mpower continues to ensure the safety of our participants, families and employees is our highest priority.

Mpower teams are working with participants on a case by case basis to make arrangements for face to face or online appointments via telehealth. We ask that if you have been to an exposure site on the day and time listed on the Department of Health Website, that you do not attend Mpower sites or see our employees face to face, until such time as the public health guidelines advise you otherwise.

Some of our group programs are back up and running in line with government guidelines and participants will be contacted should any changes arise to service provision.

Unfortunately, the decision has been made to cancel the remainder of the Kidz in the Community program this week.

If you have any questions, please do not hesitate to call 55618111 and ask to speak to your key contact.

Trudy Marr
Chief Operating Officer
